

JERSEY
COLLEGE
for Girls

Annual Survey 2021

Aspire · Inquire · Excel · Belong

96%

Believe that JCG contributes to the Jersey community.

90%

Think that JCG develops students' understanding of how to develop positive mental health.

95%

Agree or strongly agree that JCG is good value for money.

"My daughter is happy, has a good relationship with her peers and teachers. Consequently she is achieving her potential academically."

Summary

This past year has seen a continuation of significant disruption to our way of working and interacting as a community. Due to COVID-19 restrictions, we have continued to adapt and improve our online provision for parents and students. In addition to changes in the delivery of lessons across the College, once again GCSE and A level examinations have been disrupted, and we would like to take this opportunity to thank our staff and all of our students who have worked tirelessly to overcome these challenges.

Our entire College community has worked together to ensure that we remember there are many things in life to be thankful for and that we are stronger as we emerge from the last 18 months of global disruption.

Thank you to everyone who participated in this survey; every year we listen and learn and our survey is central to this process.

Comments from our parents

- We are very lucky to have such a great school in Jersey.
- JCG has an excellent reputation locally; we are proud to say our daughter is a pupil at JCG and we feel sure that this is the best stepping stone we can provide to ensure a good and fruitful life going forwards.
- I would like to thank JCG for their excellent response to school closure last school year. Your teaching and learning package was superb and your communication and pastoral care was excellent. Mr Howarth's wise and compassionate leadership helped our whole family at a very challenging time. Eternal gratitude to one and all at JCG.
- Our daughter is thoroughly engaged in College life and is really enjoying her education. She has never complained in the morning about having to go to school - that is a very good signal!
- The way JCG dealt with the pandemic was outstanding. Well done.
- For my child, this was the perfect school. It gave perfect learning experience.
- Great teachers & excellent leadership. Also, always trying to improve things. Very positive in moving forwards.
- The results it produces and the value of having it on a CV.
- Staff have all done really well in the pandemic, well done. The girls even more so. Sitting in cold classrooms with windows open in February was an ordeal for you all, I'm proud you got through it and will hopefully never have to do it again!
- The school promotes a culture of belonging.
- Excellent leadership team that puts children first!
- Acceptance for all.
- Their focus on the child, their success, development and happiness. Very responsive to individual needs rather than just saying they are.

Comments from our students

- I like the range of food they have to offer and also the freedom of walking everywhere. I also like Japanese club.
- The best thing about JCG for me is that the students are all welcoming, especially to new students.
- The teachers are caring and I know I can go to someone if I am going through a hard time.
- Many students at JCG will help you and everyone is welcoming. I love the school values and JCG hears the students voices very well. All our ideas are included.
- I like how we are pushed to reach our full potential.
- The teachers are always willing to help and there is such a great community here, and I feel I can be myself.

Comments from our staff

- I love it here.
- As a staff member, the feeling of belonging and inclusion. What I see for the students is an opportunity to access an incredible education in a nurturing environment.
- We have some fantastically motivated, polite and engaged students who are a joy to work with.
- The staff have never been anything but kind and respectful to me as a colleague since I started working here.
- The best thing is the ethos of a love of a learning that runs throughout students and staff.
- There is commitment to learning from both staff and students.
